Wojciech Lumer - designer

Design is how it works.

I design identities, websites and digital products - from idea to launch. I run loom.studio.

2026

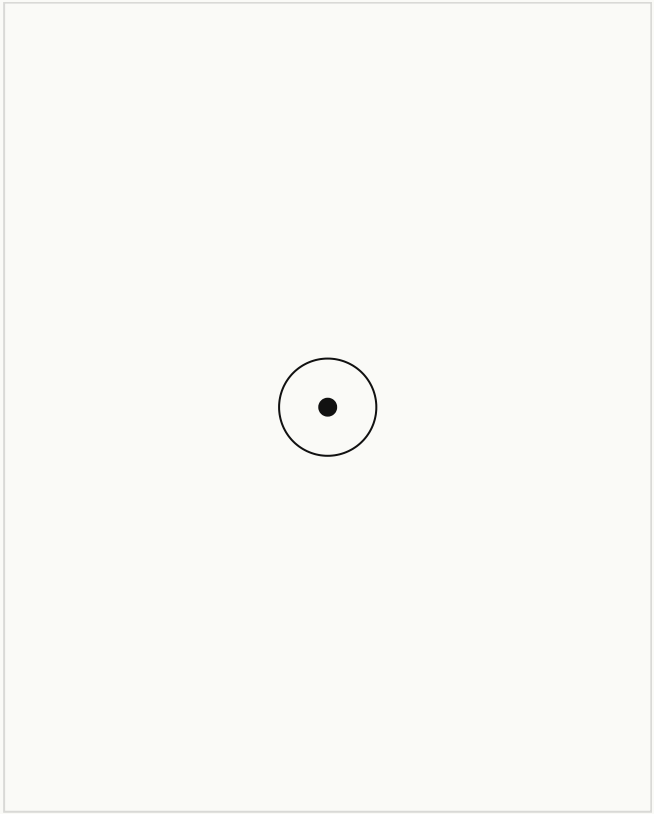

About

Experience

2026	loom.studio	founder, designer

Tools

Figma · Blender · Adtron · HTML/CSS

01 **teraz** marketplace

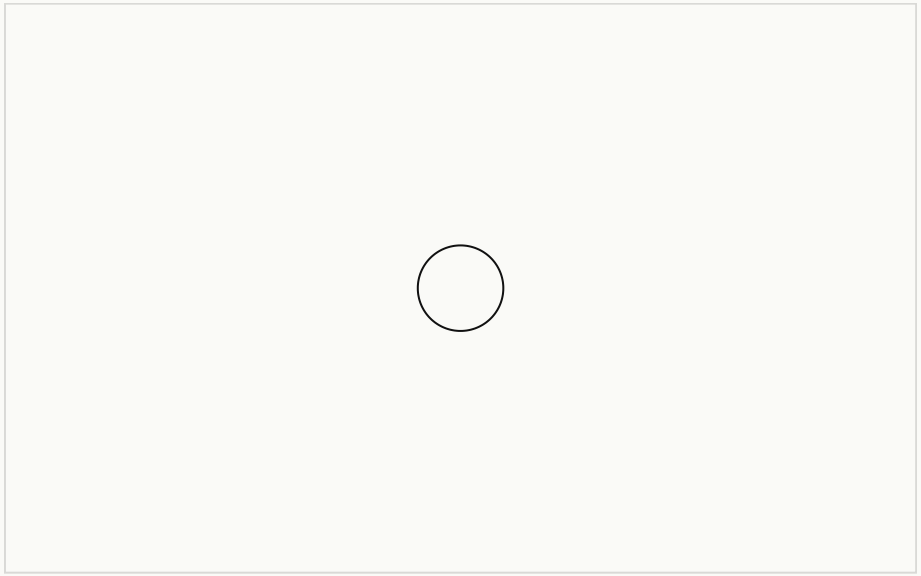

view project ↗

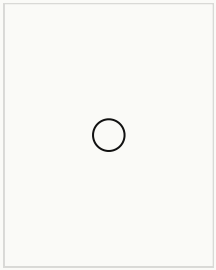

product design · UX/UI · identity · AI-assisted development

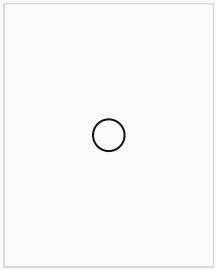

A marketplace platform connecting listeners with experts, plus a community section.

Result

Next: Stripe payments, expansion to Ukraine and the Eastern European creative market.

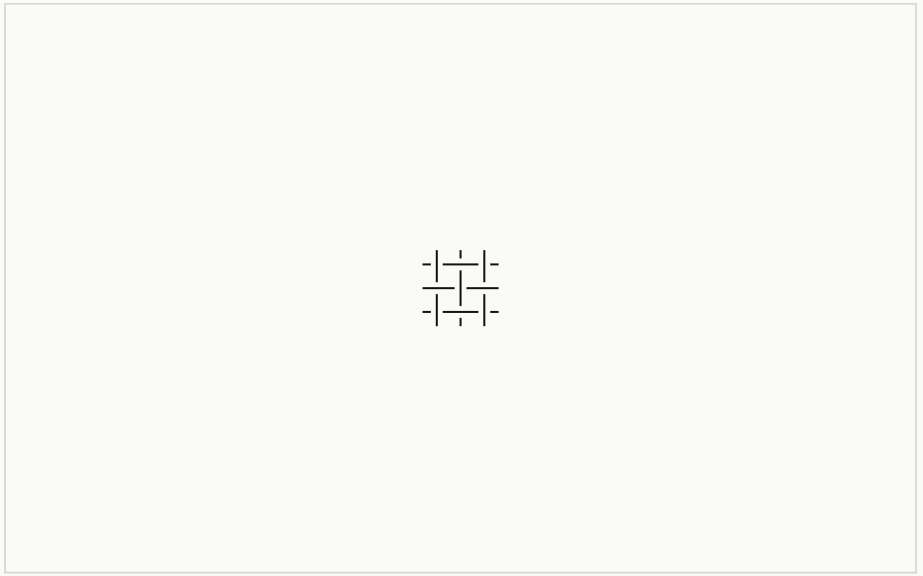

02 **loom.studio** studio

founder · identity · website design in Figma · build

A studio website and a subscription design studio: a fixed monthly fee for design work.

Solution

Bauhaus-inspired style, the Haus typeface, PL/EN versions, subscriptions and a client panel on Stripe.

03 **reh.ab** pitch deck

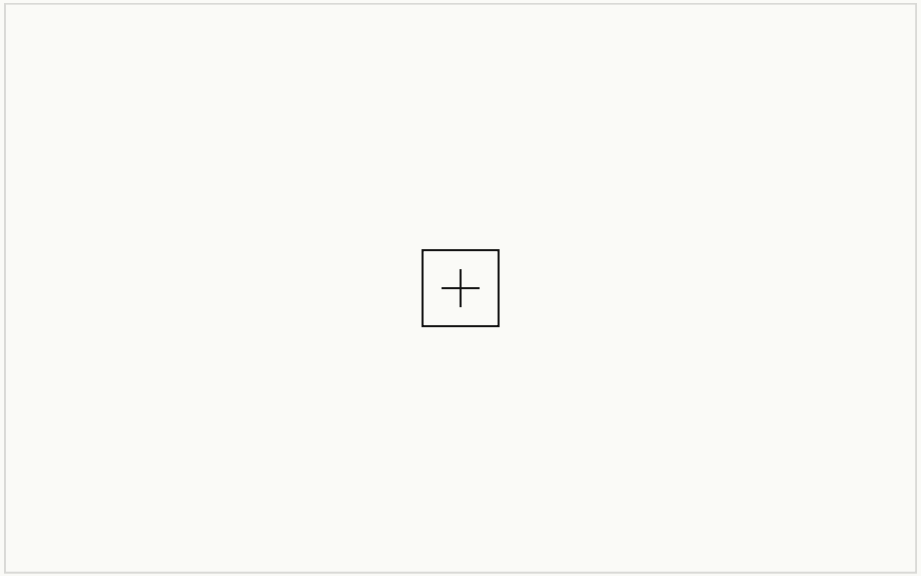

view project ↗

concept · narrative · design · development

A pitch-deck website for a platform concept connecting gaming and mental health.

Solution

An investor presentation built as a website, with no cookies and no data collection.
